

## **Skinningrove Training & Employment Hub**

**The Skinningrove Training and Employment Hub offers bespoke support package to help employers fill vacancies, marketing, sifting applicants, arranging interviews, providing venues to meet potential applicants in groups or one to one interviews.**

**We have funding to organise training events prior to interviews to ensure applicants have some of the vocational skills or trade tickets needed for the post. We offer support grants for employers taking apprentices. The representative on the day will be Dan Adams.**
