- Informal tenders by 1.00pm 14th August 2020

www.redcar-cleveland.gov.uk

Redcar & Cleveland Borough Council has embarked on a programme to release land and property assets which no longer support the delivery of council services. The rationalisation programme will see the council operate its services from fewer buildings and share premises with partners. This will generate income and receipts, which will be invested to improve services and help reduce the council's running costs. The council is seeking people who can reinvigorate Guisborough Town Hall to regenerate and revitalise the area.

LOCATION

The Town Hall occupies a prominent position in the heart of the historic market town of Guisborough, positioned on the junction of Bow Street, Church Street and Westgate.

Enjoying easy access to the Tees Valley via the A171 and A19 Trunk Roads. Guisborough is also within easy reach of the East Coast mainline rail service and Durham Tees Valley Airport.

Guisborough is situated 16 kilometres (10 miles) east of Middlesbrough and 33 kilometres (21 miles) North West of Whitby with the North York Moors and National Park being nearby to the south.

DESCRIPTION

Constructed from sandstone, the building is neo classical in appearance with moulded cornices, pilasters, band courses and plinths. Dominating the cross roads at the head of Westgate, the town's main retail street.

Access to the three-storey building is currently split between two entrances. The eastern entrance provides stair access to the upper two floors and Western entrance provides access to the ground floor only. The development proposals for the building will provide new ground floor frontages to Westgate with Eastern entrance being retained for the upper floor access which will include a lift.

HISTORY

The property is a grade II listed building (List entry number 1329572) sitting within the heart of the Guisborough Conservation Area. A historic market town, Guisborough still thrives as a place to visit, shop and live, providing a gateway to the North York Moors National Park.

Built as a replacement for an earlier toll booth in 1821, the Town Hall had two storeys and a hipped roof. Extended with a third storey in 1870, the building has a significant role in the civic past of the town, acting as a courthouse, holding cell, market and most recently as solicitor's offices.

FUNDING

With inward investment from the National Lottery Heritage Fund, a £1.6 million fund to restore the buildings historic features and bring the property back into favourable condition and use has been secured. These works will be procured and managed by Redcar and Cleveland Borough Council and are due for completion in mid-2021.

The property is also eligible for grant funding support through the Council's High Street Support Scheme. Further details are available on request

FLOOR AREAS

The property is arranged over three floors with the ground floor being used for retail space and the upper floors being used for tourist accommodation with some ground floor storage. The building offers to following accommodation: -

	Square Metre	Square Feet
GF Retail Unit 1	48.25	519
GF Retail Unit 2	63.91	688
GF Storage	30.8	331
1 st Fl Tourist Accom	168.36	1812
2 nd Fl Tourist Accom	168.36	1812
Total	479.68	5162

The upper floors will be accessed from the eastern end of the building by stairs and lift. The ground floor retail units will have their own entrance from Westgate. At this stage, there is an opportunity for prospective occupiers to have some input in to the design and layout of the accommodation.

TENURE

The units/upper floor accommodation will be let for a period to be agreed on effectively full repairing and insuring terms and will be contracted out of the security of tenure provisions of the Landlord and Tenant Act 1954. The incoming tenant will be responsible for payment of all utilities. Private car parking is not included although public car parks are within easy walking distance of the building.

FINISHES

The refurbishment works will strongly reflect the historic nature of the building and the surrounding area and will seek to restore and preserve the key features of the building. This will extend to wall graphics on all floors

The incoming tenants will be expected to furnish/fit out the leased accommodation in a style appropriate to the buildings historic character. The project will deliver all relevant M&E, Wi-Fi, telephone and utility connections (3-phase supply, water connections - isolated to each floor to enable individual metering).

POTENTIAL USE.

The ground floor of the property will be suitable for a commercial use. The upper floors would be suitable for tourism-led accommodation. Consideration will be given to the following uses for the building in whole or in part: Classes A1, A2, B1, C1, D1 and D2 plus Sui Generis of the Town and Country Planning Use Classes Order.

The total floor space available to let is 5,162 sq. ft. (479.68 sq. m.) although approximately 431 sq. ft. (40 sq. m.) of this space will be reserved for publically accessible exhibition space.

THE SITE

Abnormal development costs taken account of in a bid should be clearly identified. Bids should clearly stipulate any conditions attached to them. Bids which RCBC consider to have onerous or unusual conditions may not be considered.

A short list of bidders may be invited to attend an interview process where clarification of their bid will be sort. **Please note that RCBC is not obliged to accept the highest or indeed any offer.**

VAT

All charges (rent, service charges, fees, etc) levied under any agreement are exclusive of VAT. RCBC reserve the right to recover VAT if appropriate.

BUSINESS RATES

The incoming tenant is to make their own enquiries of the rating authority.

RENT

Rental offers are invited based on the contents of this invitation. RCBC will not be bound to accept the highest or indeed any offer(s) submitted.

VIEWING

Viewing is by appointment only.

Please contact Brian Masterton on 01642 444237 or Andrew Richardson on 01642 444323

INFORMATION PACK

An information pack is available upon request which includes: -

- Pro forma

INFORMAL TENDERS

All offers are to be submitted on the bid pro-forma. Informal tender documentation is available on request and accompanied by any appropriate supporting information including a business plan and proof of funding for your bid.

LEGAL AND SURVEYING FEES

In addition to any professional fees incurred on their own behalf, the successful applicant will also be required to contribute towards the reasonable legal and surveyor's fees incurred by RCBC.

In the event that a transaction is not completed, you may be required to contribute towards any abortive costs incurred by the Council after the date of acceptance of your offer.

BASIS OF OFFER

Offers are invited to lease space in the building.
