STEP ONE

Choose six sounds of the seaside. These could be noises made by seagulls or sounds the sea makes like crash, splosh, woosh.

STEP TWO

Think of a symbol for each sound.

What's at the sea side?

STEP THREE

Make 12 cards. On one card write a sound and draw its matching symbol. Make two of each card for your six sounds.

STEP FOUR

Each player picks two cards and holds one in each hand.

STEP FIVE

Stand in a line and each player calls out their sounds in turn. Speed up or slow down. Stand in a circle to repeat. Stand in a different order to create a different sea song.

MORE GAMES TO PLAY

Play a noisy game of seaside snap. Or place them on the ground and hop to different sounds. Or hide them and call out the sound when they're found – who can find the most?
